

THE PORTABLE PRO POOL LIFT™

ITEM # F-004PPPB

The Total Solution for Pool and Spa Access

The Portable Pro Pool Lift™ is the only completely portable aquatic lift on the market that has a **400lb** (181kg) lifting capacity. This lift requires no anchors and can easily be removed from pool-side when not needed. The lift features a compact, low profile frame that does not intrude into the pool when not being used. This lift is ideal for situations where discretion and esthetics are required. It's compactness and portability make it one of our more popular lifts.
